

Jade Child Development Center March 2018

LITERATURE CELEBRATIONS

- Each classroom will choose a children's book author. They will be challenged to decorate the classroom and create educational activities based the author's books.
- We want to promote books and the joy of reading. Each classroom will have a goal of 100 books to read by the end of the month. While you read books at home with your child, fill out a slip with the amount of books to help reach the classroom goal!

Happy Reading
Month!

Lucky you, there's a...
