

# Jade Child Development Center March 2019

## LITERATURE CELEBRATIONS

- Each classroom will choose a children's book author.
  - They will decorate their classroom to study and create educational activities based the author's books.
- We want to promote books and the joy of reading.
  - Each classroom will have a goal of 100 books to read by the end of the month. While you read books at home with your child, fill out a slip with the amount of books to help reach the classroom goal!

Happy Reading Month!
